

Weeping willows have  
Endless branches, trunks like  
Elephants  
Piles of People  
In their  
Naked feelings  
Gasp at the beauty of the willow

Willows warp  
Isolated ground, knowing that  
Little  
Lovable  
Ominous plants are  
Whimpering below

Sun shines bright at noon

Moon and Stars twinkl at night

We need both of them
